

E.ON Thüringer Energie AG, Erfurt
Interior design: Sabine Brück, Cologne

E.ON Thüringer Energie AG
Schwerborner Strasse 30
Erfurt
Germany

Completion date: 2009
Product:
crossline

The largest provider of energy services in Thüringen has set up its headquarters in Erfurt. Around 400 attractive new workstations were designed by architect Sabine Brück.

For the seating at the new workstations, the **crossline** swivel chair was selected with its characteristic X backframe, which functions as backrest holding element as well as a visual eyecatcher..
